<b>Club Ocean</b>		
7	<p>Providers do not assist children to wash their hands after using the toilet.</p> <p>No signs were posted in the toilet room advising the providers to wash their hands and the children's hands after assisting the children use the toilet.</p>	<p>Providers will ensure that the children wash their hands after using the toilet, before they return to the program activities.</p> <p>Sign provided stating "Youth Staff ensure that children wash their hands after using the toilet"</p> <p>In reference to " after assisting the children use the toilet " it was pointed out that staff, are not allowed to be in the restrooms when children are performing their toilet, for liability reasons. Mr. Ames advised that this being the case, Royal Caribbean International should apply to CDC Atlanta for a waiver exempting them from this rule. It should also be noted that there was a sign present reading " Please Wash your hands after using the toilet"</p>
<p><b>9 <u>Integrated Pest Management</u></b></p> <p>The IPM plan does not clearly state what Eco Labs duties are, but suggests what they may do as a service, rodent guards are used for exclusion, but are not noted in the plan.</p> <p>At this point the Integrated Pest Management plan has not been finalized and is not in operation. Numerous requests for information have been made to the Eco Lab representatives who visit the ship each week and E mails sent to Eco Lab and the responsible person Mr. Brandan Helzer Manager Pest Management Division, who has promised to address the issue.</p> <p><b>10. Integrated Pest Management</b></p> <p>There were no training records for the ship's staff who do periodic monitoring or application of pesticides. See above.</p>
